

Directions to the Tonkawa Falls Park climbing area a.k.a. "The Tonk"

Take Highway 84 southwest to McGregor.

Turn right toward Crawford on Texas 317.

~6.6 miles from McGregor, you will come to a flashing yellow light at the intersection of 317 and 5th Avenue. Go right toward Ocee.

You will soon cross two railroad tracks (a track and a spur) just beyond the 5 metal silos.

~0.6 mile from the railroad track and ~0.2 miles beyond the entrance to the Franklin Industrial Minerals quarry will be the entrance to Tonkawa Falls Park, marked by white rail fencing and a faded sign.

Turn left into the park, and keep to the right on the dirt road until you pass a pond and some old stone buildings.

Park in the open space just beyond the buildings, and the waterfall and climbing area will be just to the east of you.
