New Date & Time!

Meeting of the Tyler Chapter Business Meeting & Guest Speaker

Monday, July 22, 2024

1:00 PM at the

**Tyler Nature Center
11942 FM 848, Tyler**

The mission of the Native Plant Society of Texas is to promote conservation, research and utilization of native plants and plant habitats of Texas through education, outreach, and example.

Got It Covered! Great Native Groundcovers for Northeast Texas

Belinda McLaughlin, Northeast Texas Chapter, NPSOT

Even the most perfect landscapes have problem areas – too hard to mow, too steep to maintain, too wet, not enough sunlight. Belinda McLaughlin will introduce all sorts of native plants that can help resolve those difficulties in our landscapes AND add beauty and diversity to our gardens. She will get you on your way toward filling every corner of your yard – even the tricky ones – with our beloved Texas natives.

ABOUT THE SPEAKER

Belinda has been sharing her passion for native plants with audiences for 29 years. She is a past state president of the Native Plant Society of Texas, and is president and co-founder of the Northeast Texas Chapter of NPSOT. She is a certified Texas Master Gardener and has led Master Gardener training classes all across Northeast Texas and into Arkansas.

Currently, Belinda is in the process of reinventing Black Mountain Gardens – a nursery she and her mother opened in 2011 featuring natives, heirlooms and herbs. She plans to bring an assortment of native plants to our July meeting that are available for sale.

DIRECTIONS

Tyler Nature Center,
11942 FM 848

Located southeast of central Tyler.
Take Loop 323 to University Blvd (SH 248).
Go east on SH 248 past the UT Tyler Campus to FM 848 (about 3 miles).
Turn right on FM 848 and travel about 0.7 mile.
Turn right at 11942 FM 848.
The meeting is in the first building on the right, next to the pond.
