

Native Plant Society of Texas

<https://www.npsot.org/chapters/tyler/>

**Meeting of the Tyler Chapter
Business Meeting & Guest Speaker,
Monday, February 10, 2025, 2:00 PM,
with a social to follow.**

Please bring a beverage for yourself and a snack to share. (Plates & napkins provided.)

Tyler Nature Center, 11942 FM 848, Tyler

The mission of the Native Plant Society of Texas is to promote conservation, research and utilization of native plants and plant habitats of Texas through education, outreach, and example.

Native Bees

Linda Timmons, Mineola Nature Preserve

Linda's knowledge of entomology (the scientific study of insects) and experience as a Master Gardener and wildscape gardener make her uniquely qualified to help us learn more about native bees in east Texas.

ABOUT THE SPEAKER

Linda grew up learning at the knees of a gardening parent and grandparents. They instilled in her a lifelong love of gardening, which she has shared with her children, grandchildren, and now great-grandchildren.

In 2003, Linda completed Texas Master Gardener training and has been involved with the Master Gardener program in Wood County for over 20 years. She continued her growth by taking Entomology Specialist training in 2004.

For the past eight years, Linda has participated in the Wildscape garden at the Mineola Nature Preserve. Her focus in gardening has shifted from cultivating gardens for people to growing native plants and restoring natural habitats that support native insects and birds.

DIRECTIONS

Tyler Nature Center,
11942 FM 848

Located southeast of central Tyler.
Take Loop 323 to University Blvd (SH 248).
Go east on SH 248 past the UT Tyler Campus to FM 848 (about 3 miles).
Turn right on FM 848 and travel about 0.7 mile.
Turn right at 11942 FM 848.
The meeting is in the first building on the right, next to the pond.
